## Cooler 16

Capacity 16 cu.ft. External Standard USA Pallet 40" x 48"

### Technical features

The lid, which closes tightly even without hooking the closing mechanism, makes repeated withdrawals easier. Equipped with seats for stacking.

Rotomolding monobloc structure, made of food-grade material. The absence of joints facilitates washing and sanitation.

All metal parts are strong and easy to maintain, they are screwed to metal plates placed between the walls of each container.

The silicon gasket can be removed and replaced.

Gas struts are protected from accidental bangs or ice.

The pallet base can be either stainless or galvanized steel.
